

Traditional Kindergarten

Trinity Lutheran School is proud of its traditional kindergarten program, which is an all-day program. A full-day program allows for a more relaxed instructional pace with time for the children to reflect on their learning and time for more classroom involvement and increased productivity.

Our teachers have a considerable amount of additional time to work with students in small groups as well as individually. Instruction time has increased significantly in the areas of creative writing/composition, literacy, mathematics, social studies and Bible studies.

The Christian Day School Committee (CDSC) approves the following Kindergarten guidelines:

- Student will attend $\frac{1}{2}$ days (either am or pm) for the first three weeks of school.
- At the beginning of the 4th week through the end of the school year, students will attend full days with both the am and pm classes combined into one class
- Focus is on the Ohio Department of Education Content Standards.
- The CDSC will add an aide, new class section or close the current session at its discretion to meet the operating standards of the Ohio Department of Education.

Bus transportation is available to school in the morning and after school for every Kindergarten child who would normally ride the bus to Marysville Public Schools. There is no bus pick-up or drop-off during the noon hours. Parents providing their own transportation from surrounding school districts are encouraged to check into transportation cost reimbursement through the school board office in their home district. Childcare is available during off-school times for Kindergarten students through our Latchkey program (642-1852).

In June, via a mailing, you will be notified of your child's final class assignment and of the date for the August Parent Orientation meeting, to be held prior to the start of classes for students. Although we try to honor your AM or PM class preference, this is not always possible. We appreciate your flexibility as we finalize our class rosters.
